Execution and Control of Operations

Workshop Topics:

- ✓ **Prioritizing and Sequencing Work**
- ✓ **Executing Plans and Implementing Controls**
- ✓ **Authorizing and Reporting Activities for Push and Pull Systems**
- ✓ **Evaluating Performance and Providing Feedback**

Purpose

Workshops are arranged by the Chapter, based upon surveys and feedback from the local membership. They are intended to help in honing industry-related skills, aid in self-development, and enhance career opportunities. By participating in Workshops, individuals are also preparing for APICS Certifications such as Certified in Production Inventory Management (CPIM) and Certified in Integrated Resources (CIRM). This material is best suited to people with either academic or on-the-job experience. They are not introductory workshops and are intended for people with some background in Production and Inventory Control.
